

Vote now for charities to receive proceeds from 2014 carol singing

If you are planning to **either take part in the carol singing around Buckden on Christmas Eve or donate money to it**, please help us choose the charities to be supported this year. **Each person has three votes but they must be cast for different charities.** The proceeds of the carol singing will then be split equally between the three charities that receive the most votes.

Please note we have tried not to include charities or causes already, or due to be, supported locally.
