

Does your child enjoy singing?

Following the success of this year's Buckden Singers concerts, when for the first time we featured Kettlewell schoolboy George Simpson, we are hoping to start a young peoples' section, or training choir.

The idea would be to meet each Thursday, from 6.30 to 7.15 in Buckden Village Institute to enjoy singing and games associated with music, with a view to the Junior Choir possibly taking part in our concerts. This would be open to all children of Primary School age. Older students would be welcome to join the main choir as is the case at present.

There would be no cost associated with the Junior Choir and a weekly commitment would not be necessary in the first instance. It would however become necessary to attend regularly in the run-up to concerts for those who wished to participate.

Our first get together will take place on **Thursday 17th September**. If you need any further information please contact Anne Vetch 01756 760882 or email anne@vetch.co.uk
